

Project Architect | Winnipeg MB

You have talent and enthusiasm for making the complex simple.

As a project Architect you help shape the vision of our cliental by offering them exceptional ideas that are functional, creative, and on budget.

You are familiar with the execution of an architectural project and processes, construction process, specifications, and business. You have a respect for usability and accessibility, and the skills to help the project team balance these among other competing requirements. You have worked at a strategic level, helping to establish the mission and vision for the project, including how they change and grow over time.

Nothing stops you from learning -- you bring some extra breadth of experience to the role, such as strong technical skills, motivation, the ability to learn quickly, and communication skills.

Show us that you have a passion for a great client experience and a desire to grow.

WOLSEY WALL Architecture & Interior Design – Who We Are

Award-Winning Design Excellence

With over 60 years of unparalleled design expertise, **WOLSEY WALL** Architecture & Interior Design stands as a beacon of innovation and excellence in the industry. Since our inception, we have been dedicated to transforming client visions into tangible realities, earning accolades and recognition for our commitment to outstanding design.

Tailored Solutions for Every Project

At **WOLSEY WALL**, we understand that each project is unique, requiring a bespoke approach that reflects the client's individuality and aspirations. Our diverse portfolio spans across various sectors, including hospitality, entertainment, First Nation communities, corporate entities, CRU, government, multi-family, and single-family residential projects. From grand-scale developments to intimate spaces, we specialize in delivering tailored solutions that exceed expectations and leave a lasting impression.

Our Commitment

Client-Centric Approach: Our clients are at the heart of everything we do. We prioritize open communication, collaboration, and transparency to ensure that their needs and objectives are met at every stage of the design process.

Innovation and Creativity: Fuelled by a passion for innovation and creativity, we continuously push the boundaries of architecture & interior design, exploring new ideas, materials, and technologies to bring our clients' visions to life in exciting and unexpected ways.

Sustainability: As stewards of the environment, we are committed to sustainable design practices that minimize our ecological footprint and promote long-term environmental stewardship. From energy-efficient solutions to eco-friendly materials, sustainability is ingrained in our design ethos.
